LYTHAM TUTORS

LYTHAM TUTORS

AN ALTERNATIVE APPROACH TO ALTERNATIVE PROVISION

Award-winning specialists in SEMH, SEND and disengaged learners, delivering 1:1 provision in homes, schools, community spaces and our centres.

www.lythamtutoring.co.uk

WHO WE ARE

At Lytham Tutors, we specialise in **one-to-one tuition** for children and young people with **SEMH** and **SEND** needs. Our provision supports **primary, secondary and post-16** learners through personalised, nurturing education that goes far beyond the traditional classroom model.

We currently work with **hundreds of students** across a range of settings - including private tuition at our centre in the evenings, and specialist one-to-one tuition for young people with SEMH and SEND needs during the day - either in their homes, community spaces or through our centre-based daytime provision. Strong relationships, consistency, and compassion underpin every element of our work.

Our approach is guided by trauma-informed practice, recognising how past experiences can affect learning, behaviour, and trust. Our tutors are calm, patient, and trained to create safe, structured environments where learners feel heard, respected, and supported to thrive.

Just a **short walk from the coast**, our Lancashire centres make the most of their surroundings - incorporating **beach education**, fresh air, and **outdoor enrichment** to support emotional regulation, wellbeing, and engagement. Timetables are flexible and built around the individual needs of each student.

RECOGNISED FOR EXCELLENCE

In October 2026, Lytham Tutors was named Education Champion at the Coastal Radio Local Hero Awards, in association with Blackpool Council. Having received two separate nominations, this award recognises our dedication to vulnerable young people and our commitment to ensuring no child is left behind.

OUR MISSION AND VISION

Our Mission

To deliver meaningful, personalised education for children and young people with SEMH and SEND, blending academic learning with emotional support, pastoral care, and enrichment. We help every learner build confidence, reconnect with education, and make real progress at their own pace.

Our Vision

To create a nurturing and inclusive alternative to mainstream education, where wellbeing comes first, and every child feels safe, valued, and capable of achieving. Whether we're supporting reintegration into school or providing long-term education, our vision remains the same: a calm, creative environment where learning is joyful, supportive, and life-affirming.

WHAT WE OFFER

We create personalised education programmes for learners from early years through to post-16. Our subject specialists support young people with SEND and SEMH needs, those who are out of education or struggling to attend school, and pupils seeking greater academic challenge.

Each programme is built around the learner's starting point, interests and goals. We can support a return to school, complement an existing placement or provide longer-term education.

Academic Pathways

- Functional Skills (all levels)
- GCSEs in English, Maths and Science (others on request)
- AQA Unit Awards
- Full exam management, including booking and access arrangements

Specialist & Extended Learning

- SEND and SEMH-focused provision
- Curriculum extension for high-attaining learners
- Specialist tutors, including PhD-level and university lecturers

Personalised Support

- Baseline assessment and Individual Education Plans
- Half-termly reviews
- Dedicated key worker for every learner

Enrichment & Wellbeing

- Weekly enrichment opportunities, where appropriate
- Activities including outdoor learning, life skills, and creative sessions
- Additional options on request, including equine therapy, art, and music

OUR ANSDELL CENTRE

Space to learn, connect and grow

Our Ansdell Centre offers a more supported setting for pupils who benefit from smaller groups, a flexible approach and space to take a break when needed. Alongside tailored learning, we help pupils build confidence, relationships and a sense of belonging.

OUR LYTHAM CENTRE

A quieter space to focus

Our Lytham Centre offers dedicated rooms for one-to-one tuition. It suits pupils who benefit from a calm space of their own, individual attention and a learning pace shaped around them.

A QUIETER SPACE TO FOCUS

OUR SHEFFIELD CENTRE

Rooted in nurture, driven by progress

Our Ember Centre provides a nurturing learning environment for Key Stage 2 and 3 pupils who benefit from additional support with learning, wellbeing and engagement. We specialise in supporting pupils who speak English as an additional language (EAL & ESOL support), including those developing their English language skills. Through small-group teaching, personalised plans and enrichment, we help young people build confidence, develop language skills and reconnect with education.

WHY CHOOSE US?

01 **Rapid, Flexible Set-Up**

We move quickly to minimise lost learning time. From referral to first session, we work around the young person, family, and professionals to get provision in place efficiently; in some cases, within 1 working day.

02 **Truly Individualised 1:1 Provision**

Every learner is different. We match each pupil with a tutor based on personality, experience, and specialism, not just availability, ensuring the best possible fit.

03 **Specialist SEND & SEMH Expertise**

Our team has extensive experience supporting learners with SEND, SEMH, and those disengaged from education. We take a calm, relationship-led approach that builds trust, regulation, and engagement.

04 **Reliable, Responsive Support**

Available 9 am - 9 pm, 7 days a week, we provide consistent communication and ongoing support. Referrers and families can rely on us to respond quickly, adapt provision, and keep things running smoothly. Safeguarding is central to our provision, with trained DSL oversight and robust reporting systems in place.

ROOTED IN NURTURE, DRIVEN BY PROGRESS

RESULTS & REVIEWS

01 **Re-engaging a Learner with SEND Needs**

A Year 9 pupil with moderate learning difficulties and significant gaps in literacy and numeracy began with minimal engagement.

Through a personalised 1:1 approach, we rebuilt confidence and introduced a broad curriculum including English, Maths, Art, Textiles, and Equine Therapy.

They now demonstrate consistent engagement, have achieved multiple Functional Skills qualifications, and are working towards Level 2 in English and Maths.

02 **Rapid Progress from an Emergency Placement (Post-16 Learner)**

A post-16 pupil joined us for English and Maths following multiple unsuccessful placements, initially on a short-term emergency placement.

Within weeks, they achieved 100% engagement, leading to the placement being extended.

In just a few months, they are now exam-ready for Functional Skills Level 1 in English and Maths.

"We've had such a positive experience with Lytham Tutors. Thomas has not only improved academically, but his confidence has grown massively. The support has been fantastic across the board. Everything is organised smoothly, communication is clear, and the whole process feels professional and stress-free for us as a family. It's clear there is a real level of care and investment in both the student and the overall experience. We are extremely grateful for all the support Thomas has received."

Parent

"I honestly can't thank everyone enough. Jessica and her thoughts on school have been completely transformed within a week. She has really struggled in school and with being accepted for just being herself. It's so lovely to see her smiling again. I knew I'd made the right decision the minute I walked into the building! Thank you so much!"

Parent

LOOKING AHEAD

As we grow our specialist centre, we're working to expand our offer to meet the wider needs of the young people and families we support.

Speech & Language Therapy
We aim to introduce in-house speech and language therapy to support students with communication needs through assessment, intervention, and ongoing guidance. We're proud to have strong links with the Head of Service for SLT across Lancashire, ensuring our future provision is clinically informed and evidence-based.

On-Site Therapy & Counselling
Plans are underway to provide on-site therapeutic support, such as regular counselling, to help learners manage anxiety, trauma, and emotional regulation in a safe, trusted environment.

Parent & Carer Support
We hope to introduce drop-ins and workshops for families covering EHCP navigation, behaviour strategies, and supporting wellbeing at home, building a stronger, more connected support network for all.

REFERRALS

01 **Private**
Families can refer directly to us for tailored, one-to-one support. Whether short-term or ongoing, we work closely with parents and carers to create a plan that meets each learner's unique needs.

02 **Local Authority**
We work in partnership with local authorities to support children and young people with SEND, SEMH, and those out of education. We provide EHCP-aligned provision with regular progress reporting, clear communication, and minimal administrative burden for commissioning teams.

03 **Educational Institution**
Schools, colleges, and other providers can refer learners who need alternative or supplementary support. We offer responsive, wraparound provision to help keep students engaged, progressing, and on track.

Our referral form can be downloaded at www.lythamtutoring.co.uk/alternativeprovision

FREE SECTION 19 CONSULTANCY

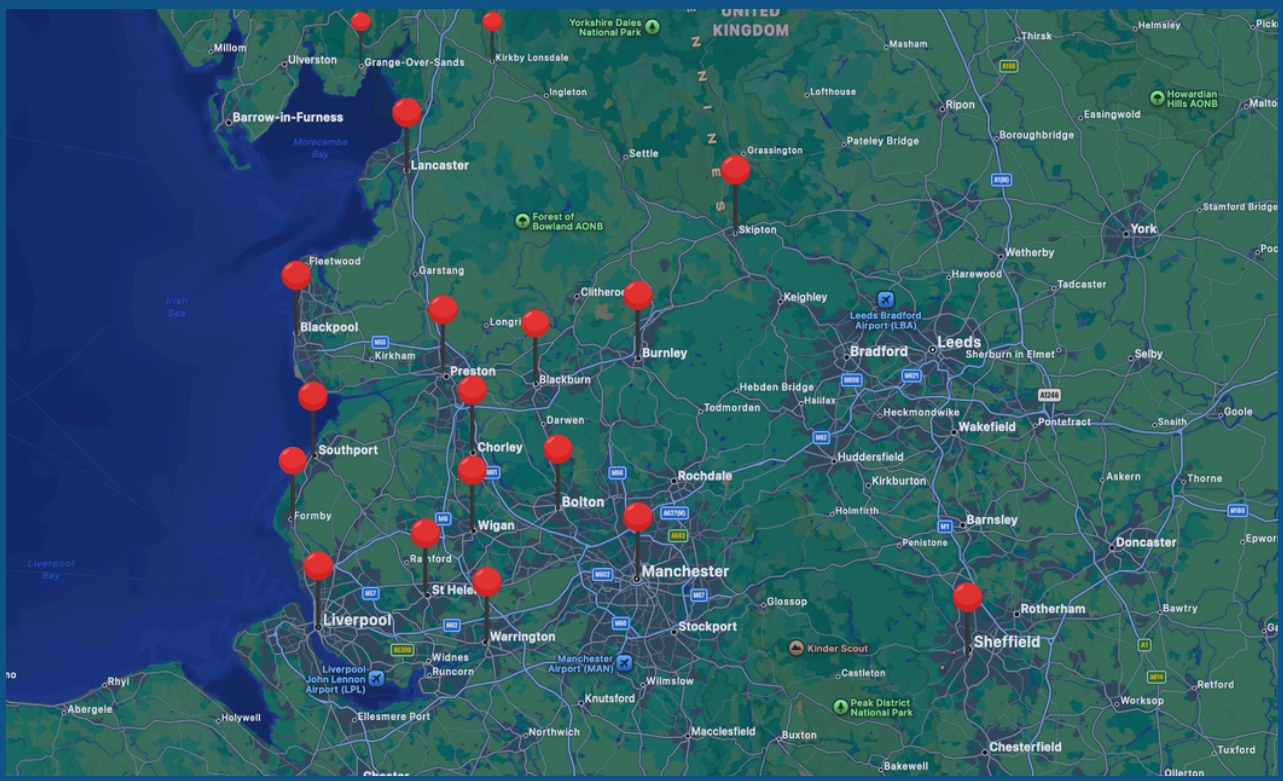

Supporting a pupil who cannot access suitable education can be complex. Our experienced management team provides free, practical guidance to help schools review the evidence, understand the process and identify clear next steps.

COSTINGS

Our standard rate is **£45 per hour** for one-to-one tuition, delivered either in person or online within a 10-mile radius of our Lytham centre.

We now have a growing team of tutors across the North West. Where we are able to match a tutor local to your setting, we can often deliver provision at the standard rate, even outside of this radius.

We are proud to be one of the more affordable providers in the sector and remain committed to keeping high-quality education accessible.
